

My Reasons Why

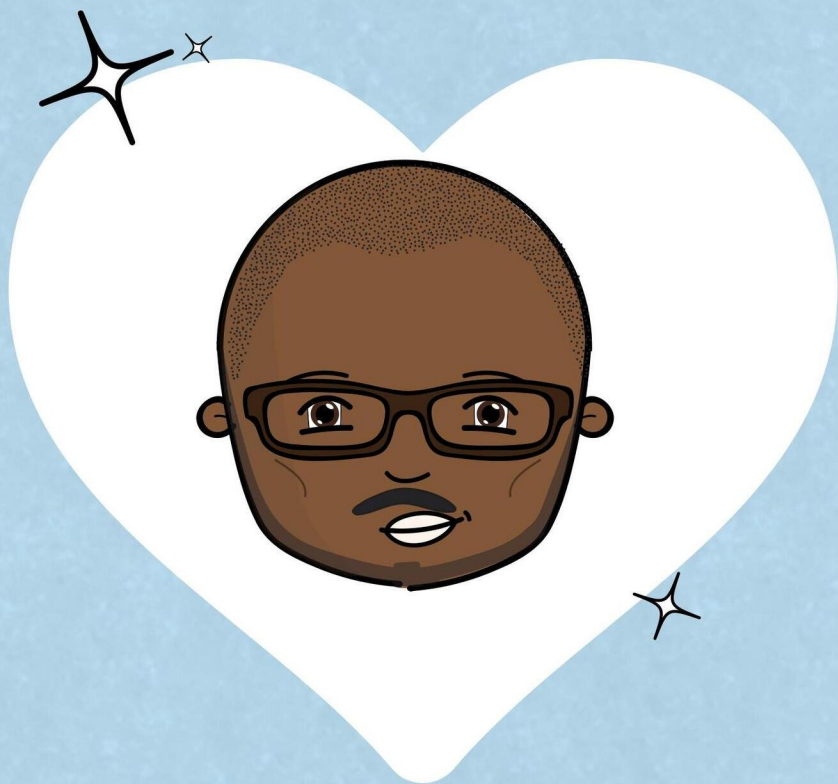

Love Serenity

About the Couple

This is the story of
Serenity &
Antonio...

I created this book
to tell you all the
reasons why I love you

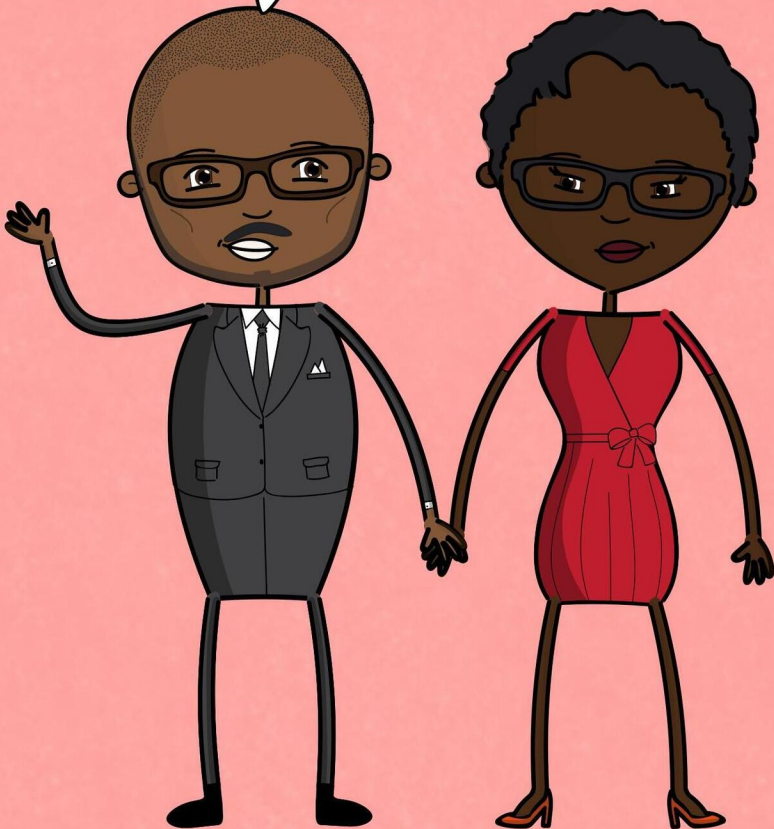

So, here goes...

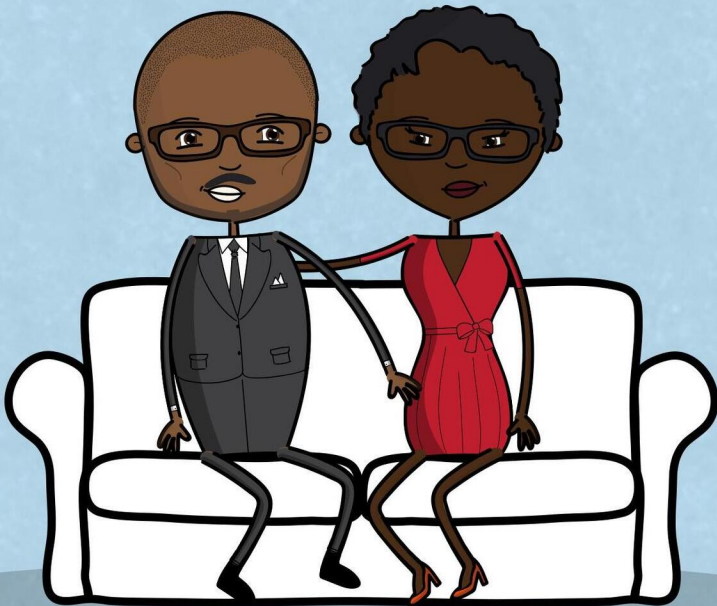

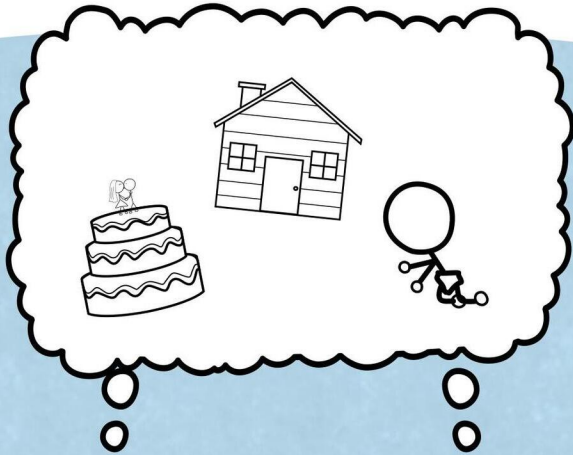

I love that we
balance each other

I love that you believe in me

You can do
anything you put
your mind to!

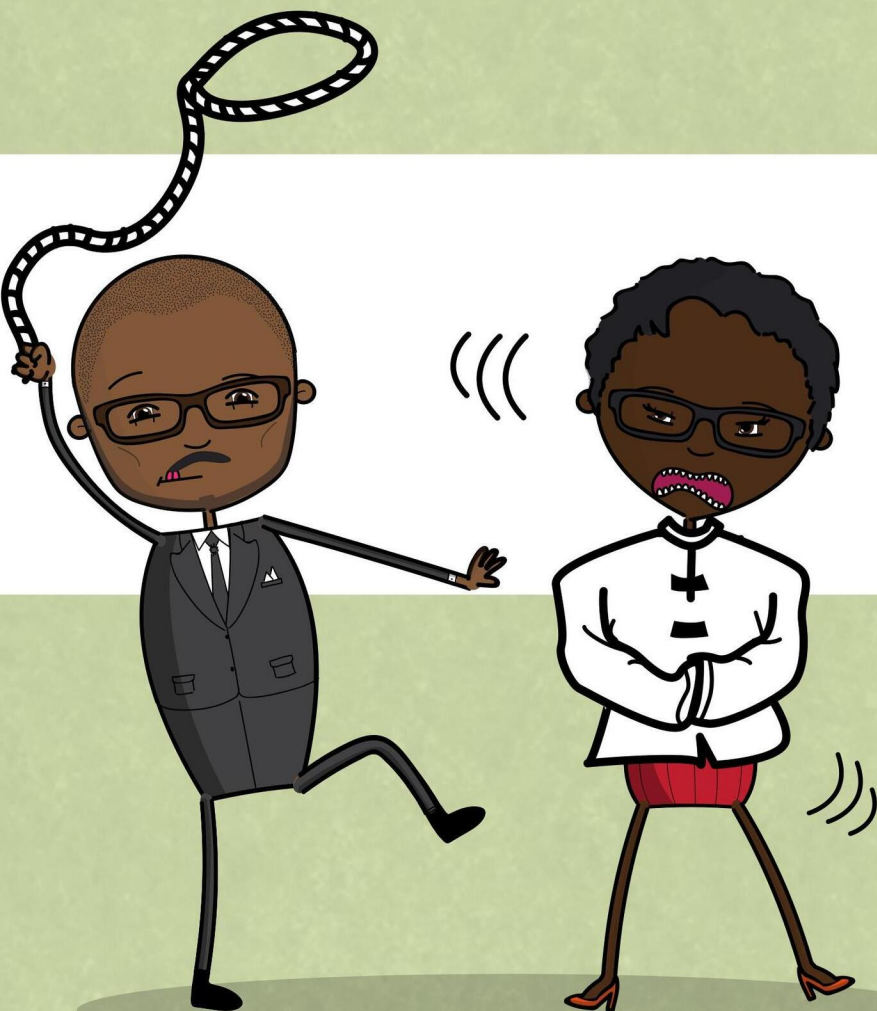

I love that we
dream about our
future together

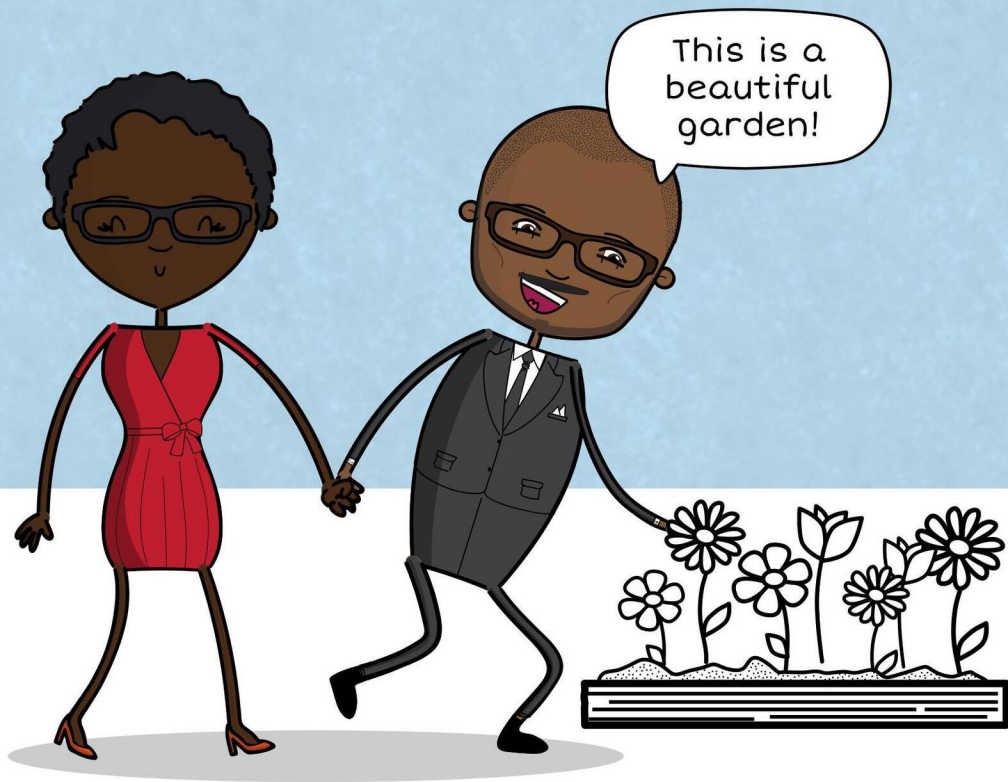

I love how safe
you make me feel,
Antonio

I love that you are
able to calm me
down when I need it

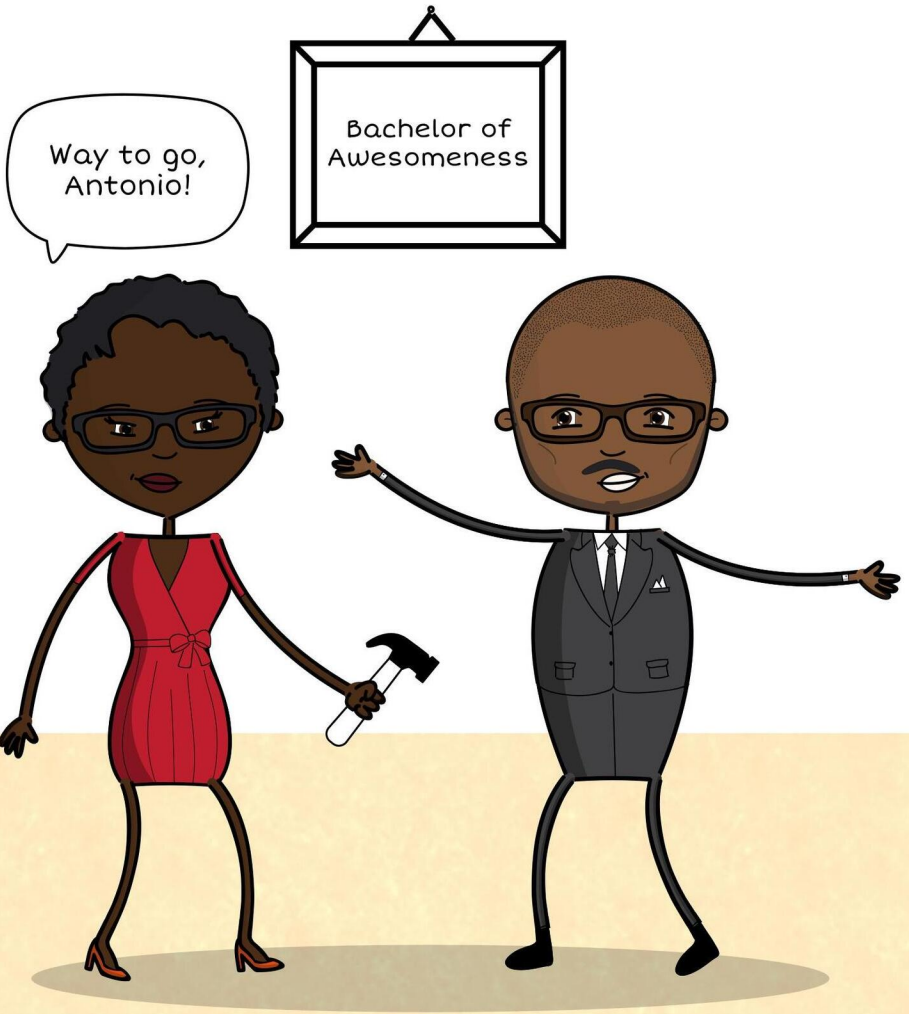

I love that you
appreciate the
simple things in life

I love that you have
changed my world
for the better

I love that you are accomplished

Thank you for believing in me

...especially when I doubt myself!

I think I want to
try for that
promotion at
work, but I'm not
sure I'll get it...

Serenity, you
can do anything
you put your
mind to!

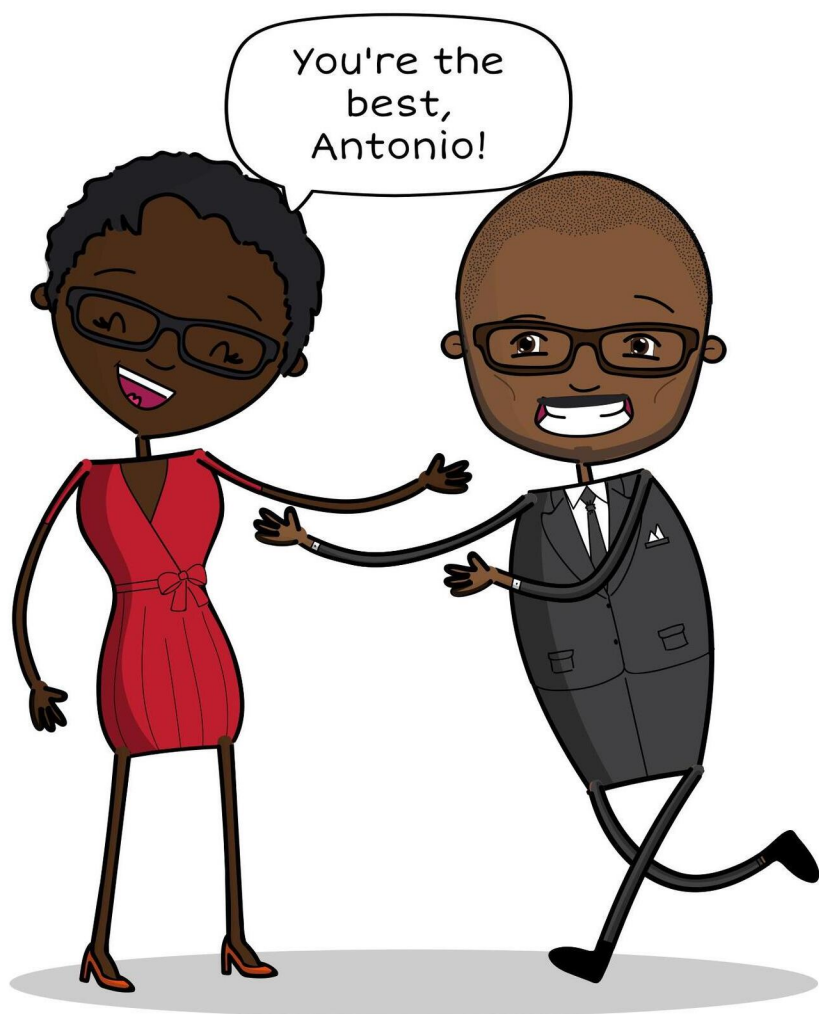

I love that you
accept me the
way I am

I feel fat,
and my hair
is a mess
today!

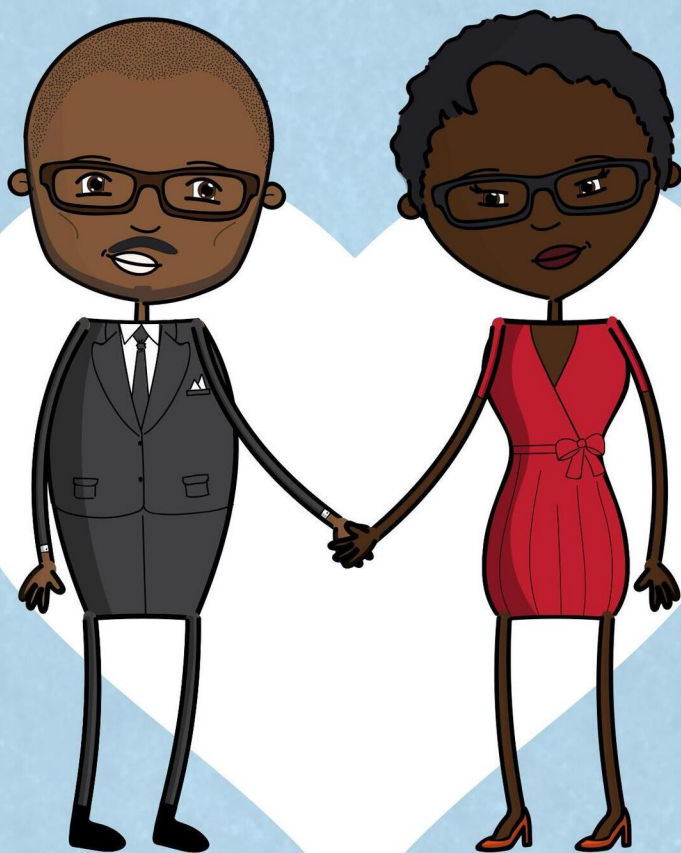

I love you no
matter what!

I love that you are
my best friend

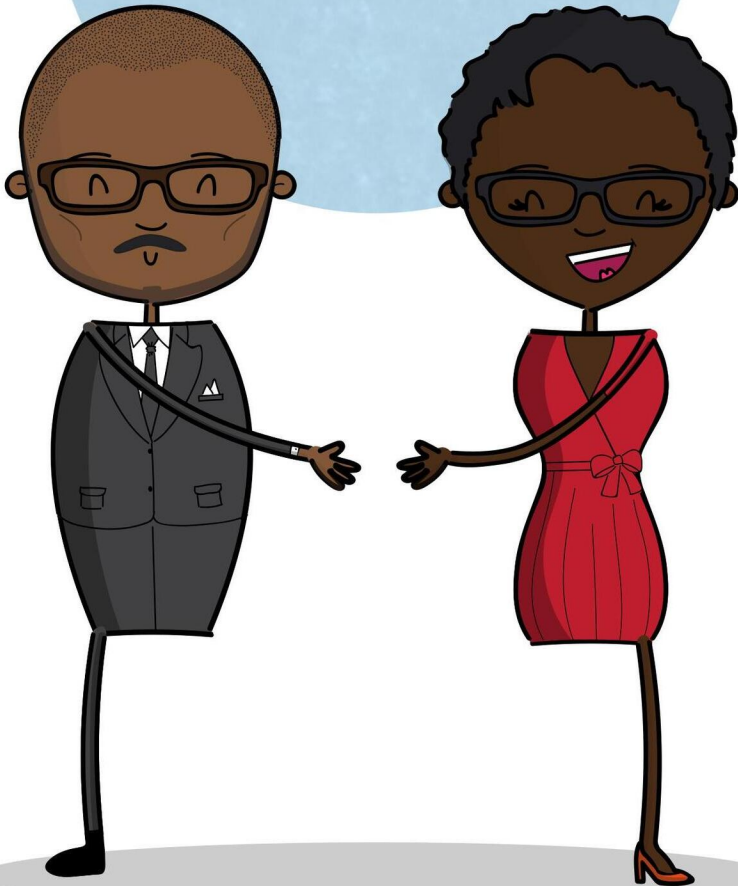

I love holding
your hand

I love that I can be
myself around you

I love that
you're my other
half

I love hugging you

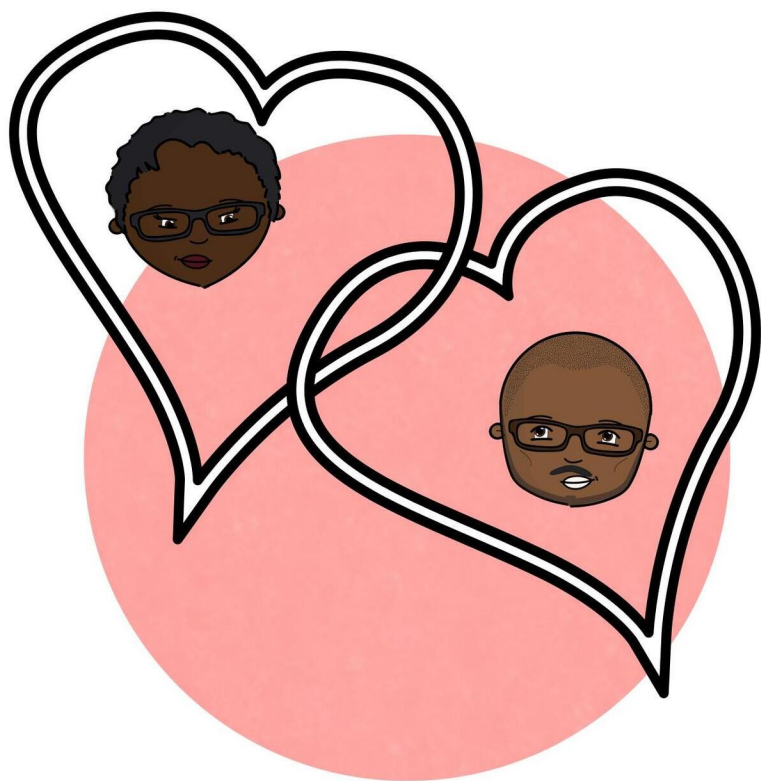

You're so
wonderful,
Serenity

I love that
you are caring

I love
being in love
with you

Together until
the end!
